

**Material:**

**Metal Structure:**

- (1) Thickness according to international standards: galvanized steel posts 2.5mm thick, with strong intensity and safety
- (2) Surface treatment: anti slip surface, electrostatic spray, with galvanized steel pipe for substrate. Non-toxic heat treatment and surface electrostatic powder painting. Zinc plating and powder coating

**Fixings:**

Stainless steel, AISI-304

**Plastic:**

HDPE, High-density polyethylene, thickness of 15mm

**Product Specifications:**

**Model Number:** FSP32

**Dimension:** 63x40x58cm

**Age Range:** 2-5 Years

**Child Capacity:** 1

**Product Type:** Spring Rides
