

## Material:

### Metal Structure:

- (1) Thickness according to international standards: galvanized steel posts 2.5mm thick, with strong intensity and safety;
- (2) Surface treatment: anti slip surface, electrostatic spray, with galvanized steel pipe for substrate. Non-toxic heat treatment and surface electrostatic powder painting. Zinc plating and powder coating

**Fixings:** Stainless steel, AISI-304

**Handles:** Thermoplastic rubber

**Seats / Trims:** HDPE rotomoulded with 6-10mm thickness.

**Pedals / Plugs:** PP

## Product Specifications:

**Model Number:** OF26

**Product Description:** Sit Up Bench

**Dimension:** 151x164x236cm

**Age Range:** 13 Years +

**Capacity:** 2

**Muscle Group:** Core

**Product Type:** Outdoor Fitness
