

**Material:**

**Metal Structure:**

- (1) Thickness according to international standards: galvanized steel posts 2.5mm thick, with strong intensity and safety
- (2) Surface treatment: anti slip surface, electrostatic spray, with galvanized steel pipe for substrate. Non-toxic heat treatment and surface electrostatic powder painting. Zinc plating and powder coating

**Fixings:** Stainless steel, AISI-304

**Handles:** Thermoplastic rubber

**Seats / Trims:** HDPE rotomoulded with 6-10mm thickness.

**Pedals / Plugs:** PP

**Product Specifications:**

**Model Number:** OF32

**Product Description:** Large Tai Chi Wheel

**Dimension:** 81x88x236cm

**Age Range:** 13 Years +

**Capacity:** 2

**Muscle Group:** Stretch

**Product Type:** Outdoor Fitness
